Dear Mr. Weisberg:

Nancy Schneider has left the Arthur Press Foundation and I have taken her place. I have received a Library of Congress card for your recent book "Post-mortem", but am having difficulty at the moment in purchasing a copy from any of the book stores in New York. I should be grateful if you could let me know where I might buy a copy. We do of course have the typescript of the book, but naturally would very much like to have a printed copy.

I hope that this will not be too much trouble, and look forward to hearing from you.

Very truly yours,

Joan Wilcox
